ABOUT ALL WEATHER WICKER

Our Huntington collection is woven from a highly resilient synthetic material with excellent outdoor performance. The woven material is wrapped around a rust-proof aluminum frame.

WHAT TO EXPECT

All weather wicker is highly resilient and one of the lowest maintenance materials for outdoor furniture. The color is resistant to fading. Natural wear and tear could include light unraveling; this is not considered a defect.

CARE AND MAINTENANCE

We recommend the following care for best results:

- Cover furniture with outdoor covers (sold separately) when left outside during inclement weather or when not in use.
- Make sure furniture is completely dry before covering.
- Store cushions separately from furniture to prevent possible transfer of moisture.
- Wipe spills with a clean dry cloth.
- Wash frame with a mild solution of soap and water; rinse with clean water and dry thoroughly.
- Avoid the use of harsh cleaners and abrasives.
