

POTTERY BARN

Pocket Watch Brass Wall Clock

Operating Instructions and Battery Information

To Install a Battery:

- 1) Inside of the back side clock frame, we can access to the clock movement and battery.
- 2) The clock movement and the

battery compartment are revealed showing + / - terminal markings. Remove any old battery from the battery compartment by prying it at one end and then install a new 1.5 volt "AA" battery (battery not included). Make sure to properly align the +/- terminals of the battery with the markings shown on the movement. The clock will begin to operate automatically.

Setting the Time:

Rotate the Time-Set-Dial (black knob) located at the movement in the direction indicated by the arrow until the correct time is reached.

Care Instructions: Dust with soft, dry cloth.

Battery Safety Information:

To avoid explosion or leakage, do not dispose of batteries in a fire or attempt to recharge standard or alkaline batteries.

Please dispose of batteries safely according to the battery manufacturers' instructions or recycle batteries per state and local codes.

If battery leakage occurs and any such leaked material comes in contact with the skin or eyes, wash immediately with plenty of water.

Batteries should be handled under adult supervision.

If this clock is not to be used for a long period of time, remove the battery to prevent injury or product damage caused by possible battery leakage.

Thank you for your purchase!
