Assembly Instructions

Important Safety Instructions:

- For safety purposes, this lamp is equipped with a polarized plug (one blade is wider than the other). If the plug does not fit securely into your outlet, do not force it – contact a professional electrician. Use the plug with an extension cord only if it can be fully inserted into the cord's socket. Never alter the plug in any way.
- These instructions are provided for your safety. It is important that they are read carefully and completely before assembling fixture.
- This fixture has been rated for up to (1) **100-watt maximum TYPE A standard bulb** (not included). To avoid the risk of fire, do not exceed the recommended wattage.
- For your safety, use only shades with an open top with a measurement of at least 4" in diameter.

Warning:

- To reduce the risk of fire, electrical shock, or personal injury, always turn off and unplug lamp and allow it to cool prior to replacing light bulb.
- Do not touch bulb when fixture is turned on or look directly at lit bulb.
- Keep flammable materials away from lit bulb.
