Silver Bamboo Clock

To install battery:

Batteries are not included. Open the back of the clock. Insert a new 1.5 volt "AA" battery. Match the battery direction to the polarity markings displayed inside the compartment. Movement should start immediately.

Should clock fail to function properly, replace with a new battery and assure that it is correctly positioned in the battery compartment. Remove battery if clock is to be stored.

To set the time:

The time set dial is located inside the back of the clock. Turn this dial until correct time is reached. Do not touch or move hands of clock manually.

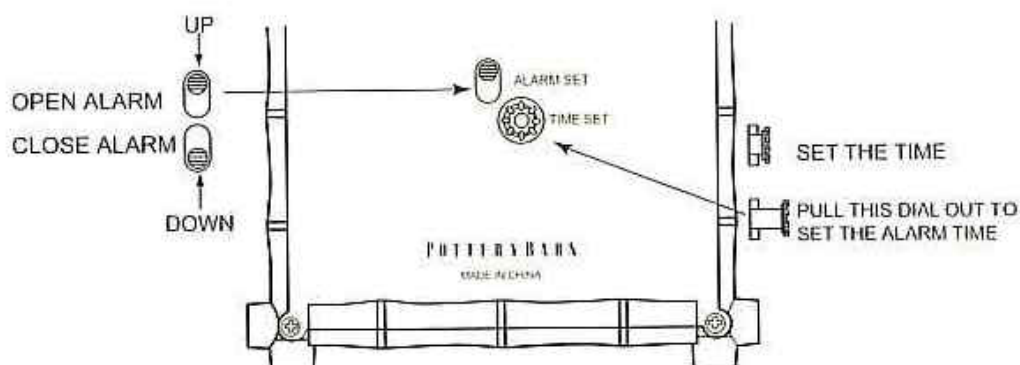

To set the alarm:

The set alarm dial is located inside the back of the clock. Pull the dial out and turn until the correct alarm time is reached. Activate the alarm by ensuring the button located at the top of the clock is in the "up" position. Do not touch or move hands of clock manually.

Care instructions:

Clean clock with a soft, dry cloth. Do not use solvents or abrasive cleaners on clock as they may damage the lacquered finish.

To avoid explosion or leakage, do not dispose of batteries in a fire or attempt to recharge standard or alkaline batteries. Please dispose of batteries safely according to the battery manufacturers instructions or recycle battery per state and local codes. If battery leakage occurs and comes in contact with the skin or eyes, wash immediately with plenty of water. Batteries should be handled under adult supervision. If the device is not to be used for a long period of time, remove the battery to prevent damage or injury from possible battery leakage.
